

## About Us

Our founder, Cynthia Thompson, knows first-hand what it means to lose your independence because of not being able to drive. Her mission is to give back freedom to those who live with day to day challenges that limit the mobility that so many of us enjoy.

**Volunteer  
Drivers  
are**

Volunteers are needed to transport our worthy clients to various appointments in our service area. If you have a valid driver's license and can volunteer as little as 2 – 4 hours once a month then you can be a blessing to those in need.

## Who We Are

Restore Mobility for the Blind is a 501c3 non-profit charity that provides high quality and affordable transportation for residents of York County, South Carolina that are one of the following:

- Blind
- Visually Impaired
- Adults with disabilities
- Seniors citizen who is at least 50 years old
- Veteran

*Please note that our clients must be ambulatory.*

## What We Do

For a nominal fee, we provide arm through arm, door through door transportation to essential locations like

- Work
- Doctor appointments
- Shopping centers
- Church
- Other essential locations

## Our Goal

Our goal is to help people with disabilities live a productive life. With the help of volunteers and donations from the community, we hope to eradicate the shortage of transportation for those with disabilities. Please join us in our mission to give independence back to those who face challenges every day.

We customize our services based on the client's needs. We offer the following:

- **curb-to-curb** for riders who are fairly agile and independent
- **door-to-door** for those who need some assistance
- **door-through-door** when the riders request the volunteer stay by their side
